Welcome to CHEO! We hope this fact sheet will help you to find the clinic you’re looking for more easily. We use a numbering system for clinic space, from module C-1 to C-20. To find where your clinic is located:
Look for the clinic number that clinic staff gave you when you booked your appointment. You’ll then be able to see the building and floor where you’ll find your clinic. We’ve included maps on the next page to help you on your way.
Your appointment

Please do your best to be on time. If you’re late, everyone has to wait longer, and there is a chance that we may not be able to see your child that day. Please give us as much notice as possible if you have to cancel an appointment. Remember that each patient can have just 2 adults come along to appointments.

To change or confirm an appointment, call: 613-737-2222

Allergy alert!

Some of our patients and staff have severe allergies, so please remember:
Do not bring nuts, nut products or latex products (like balloons). Avoid using scented products like perfume, cologne, after shave, body sprays or hair care products.

Please help us prevent the spread of infections by:
• Staying home if you are sick (a fever, cough, runny nose, sore throat, diarrhea, a new rash or are feeling ill)
• Cleaning your hands often with soap and water or alcohol-based hand gel. You must wash with soap and water if you can see dirt or if there is mucous on your hands.
• Leaving brothers and sisters at home.
