FAM RG 629 .F45 D38 VIDEO

This book about young people with FAS/E and their caregivers, report on their experiences coping with the problems of adolescence and young adulthood. The editors and authors have concentrated on the wisdom of practice, as they candidly convey which techniques worked and which did not during the difficult passages of the teenage years and beyond.
FAM RG 629 .F45 F36

This book describes in concrete, specific ways how to educate children with fetal alcohol syndrome/fetal alcohol effects (FAS/FAE). It communicates an optimistic message that is both true and appealing: with the right education, delivered by a nurturing individual in the home or in the school, many alcohol-affected children thrive.
FAM RG 629 .F45 F35

Compelling and easy to understand, this book explains the medical and social issues surrounding fetal alcohol syndrome (FAS) and fetal alcohol effects (FAE). Compassionately written by the expert psychologist who conducted some of the earliest examinations of children with FAS and FAE more than 20 years ago, this guidebook explains how to identify and work with children and adults who have the disorder and how to educate prospective mothers and society at large.
