EQUIPMENT

Mortar and pestle
Graduated cylinder
Amber plastic bottles

STABILITY

84 days refrigerated or at room temperature.

MANUFACTURING DIRECTIONS

1. Crush tablets to make a fine powder in a mortar
2. Levigate powder with a small amount of the vehicle to make a fine paste.
3. Continue to add vehicle until product liquid enough to transfer to a graduated cylinder.
4. Rinse mortar several times with vehicle and add to product in graduated cylinder.
5. QS to final volume with vehicle.
