

---

Homeful.ca, an online tool built to help Ottawa and Gatineau residents make donations of clothing and other goods to refugees

---

Homeful.ca is a special online bulletin board specifically designed for use by refugees and those in need of settlement help

Created by volunteers and free to use, Homeful.ca connects donors to the recipients directly

Refugees can browse for things that they need, searching by category and can request the item posted. There is no third party storage or transportation service- the two parties meet to exchange the item after connecting online and communicating via the tool

On Homeful.ca you can find or list: clothing, furniture, home appliances, sporting goods, and electronics

Homeful.ca allows anyone to donate, but only refugees or their sponsorship groups can receive donations

**To be able to select from the donations as a refugee or sponsorship group, email [refugeelogin@homeful.ca](mailto:refugeelogin@homeful.ca) and we will set you up with a secure account**

**To make a donation:**

1. Register your account by visiting <http://www.homeful.ca/register/>
2. Provide a Username and Email
3. You do not need an invitation code

---

Homeful.ca was created to help make settlement for newcomers a little easier and to make donating to the refugee community more convenient

---
